Note from the founder

Since starting The Bowery Company in 2014, my goal has been to give Scandinavian design a podium in the GCC. My mission was to 'Bring Design Home' and make it accessible to all design enthusiasts in the region.

Our curated collection embodies the perfect blend of functionality and elegance, meticulously sourced to enhance residential and professional spaces. At The Bowery Company, we believe that well-designed surroundings inspire productivity and creativity.

As we look ahead, we remain committed to our values of authenticity and sustainability. We look forward to continuing to be your go-to destination for Scandinavian design and lives for years to come.
